SUMMARY

A recent graduate with a B.Tech in Computer Science and Engineering from MEA Engineering College, Perinthalmanna, Malappuram, currently gaining practical experience in full-stack development through an internship at Luminar Technolab. I aim to leverage strong teamwork and communication skills in a dynamic work environment while continually enhancing my expertise in computer science and engineering.

SKILLS

HTML	JavaScript
CSS	Git
Bootstrap	C++

PROFESSIONAL EXPERIENCE

Main project

NutriScan: Calorie and Nutrient Estimation Techniques using Machine Learning

Developed 'NutriScan,' a web-based application for fruit image recognition and automated calorie estimation using TensorFlow Lite and Convolutional Neural Networks (CNN).

Mini project

Facial and Fingerprint based door lock system using Arduino

Developed an Arduino-based 'Facial and Fingerprint Based Door Lock System,' integrating biometric identification for enhanced security and convenience in access control, suitable for homes and businesses .

Portfolio Website

Developed a responsive portfolio website using HTML, CSS, and Bootstrap, ensuring an optimized user experience across various devices and screen sizes.

EDUCATION & CERTIFICATIONS

Btech in Computer Science and Engineering

Mea Engineering College, Malappuram, Kerala
CGPA : 7.09

Higher Secondary Education

Ansar English School, Trissur, Kerala
Completed HSE with 78% Mark

SSLC

Peevees Model School
Completed SSLC with 88% Mark

INTERNSHIP

LUMINAR TECHNO LAB

Currently working as a Full Stack Development Intern at Luminar Technolab.
